INTRODUCTION

Glitter Music Artists was born from the idea of combining the professionalism, experience and skills of various DJs, musicians and artists who, with the support of professionals in the audio, light, video and set design sector, give life to an entertainment service of great quality suitable for multiple needs and tastes.

OUR CONCEPT

At the core of our service is the artist as an entertainer capable to convey unique and unrepeatable emotions.

The experience earned over the years and the characterisation of specific formats of shows are at the basis of the uniqueness of what we are going to offer.

For your event we pride ourselves in collaborating with highly professional, experienced people and partnerships with national and international event organisations.

SOUNDTRACK DURING THE RELIGIOUS OR CIVIL CEREMONY

At the religious or civil ceremony we can satisfy your musical requests from the arrival of the guests and then continue to make the main moments of the ceremony unique. The music can be a playback original version or performed live by singers and musicians. We also have the facility to provide microphones and amplification to spouses, celebrants and any other person who needs it.

THE WELCOME APERITIF

At the welcome aperitif it is often a moment where, in addition to the usual DJ set service, we also offer the vinyl DJ set that adds a vintage spirit.

It will be something particular and unique not only to enjoy among multiple genres chosen, but also to be immersed in an experience of another time.

APERITIF ACCOMPANIED WITH DJ SET AND SAXOPHONIST

For those who want to give a touch of class to their event right from the arrival of the guests, the combination between the DJ and the sounds of a live instrument such as the sax, violin or other upon request is one of the options we offer.

DINNER ENTERTAINMENT

Tired of the usual dinner with a simple background music?

Entertainment at dinner has long been the choice for those who want to involve their guests in songs, games and lots of good humour.

MAGIC ENTERTAINMENT

Among the most popular alternatives to music, a magician wanders among the guests involving them in small groups between one toast and another with magic tricks that will leave everyone speechless.

PERFORMANCES BY ARTISTS

Stilt walkers, fire-breathers, jugglers and artists in period costumes will be the right accompaniment that will complete your requests.

LIVE BANDS

Acoustic or electronic, cover bands of various genres and artists will be the solution to fulfil your every request at any time of the day.

PARTY TIME WITH ARTISTS FROM THE MOST IMPORTANT VENUES

We will propose the most suitable DJ for your dancing enjoyment. You can choose from a wide range of professionals who still tread the scenes of the best clubs.

LIGHT & SOUND DESIGN

The importance of managing the lighting, good sound diffusion and setting up the location are essential for transforming the environment from traditional and bright furnishings, refined light, advanced solutions and innovative videos.

We pay attention to every detail: it is the detail that makes the difference.

Here are some examples:

NEWLYWEDS ENTRANCE

The first moment to be celebrated during the reception is the entrance of the bride and groom. A triumphal announcement combined with a special song can be linked to lighting effects, firework effects and customised settings.

ARCHITECTURAL LIGHTING FOR INTERIORS AND EXTERIORS

The location you have chosen will be enhanced and will change shape as the sun is setting, thanks to the lighting of spotlights, catenary lights, illuminated furnishings.

CUTTING OF THE CAKE

A well-lit cake spot, where the bride and groom must be the center of attention so as to make the photos as special as possible with plays of light and effects. It will be accompanied by your chosen song.
